SKU IPWO-207-CLR-VXHG

PRODUCT OVERVIEW

Clear-lens ANSI Z87 eyewear for everyday indoor protection. The lightweight wraparound frame helps shield against chemical splashes, flying debris, spit droplets, and side impacts, while coated polycarbonate lenses resist scratches and fogging.

KEY FEATURES

- BUILT TO LAST**
ANSI Z87.1 impact-, drop-, and shift-tested.
- UV400 PROTECTION**
Helps block harmful ultraviolet radiation.
- LIGHTWEIGHT**
Wraparound comfort designed for all-day wear.
- CLEAR VISION**
Anti-scratch and anti-fog lens coating.

IN/OUT

ESSENTIAL - SMOKE LENS

IN/OUT

UV400

VLT 55%

KN

SKU OXMW-207-T-JDAL

PRODUCT OVERVIEW

Safety eyewear for changing light conditions. The smoke In/Out lens provides 55% visible light transmission to reduce outdoor glare while remaining usable indoors. Durable polycarbonate construction and anti-fog, anti-scratch coatings support clear vision through long shifts.

KEY FEATURES

- BUILT TO LAST**
ANSI Z87.1 impact-, drop-, and shift-tested.
- ADAPTIVE LENS**
55% VLT supports indoor/outdoor transitions.
- LIGHTWEIGHT**
Wraparound comfort designed for all-day wear.
- CLEAR VISION**
Anti-scratch and anti-fog lens coating.

STANDARDS & PROTECTION

ANSI Z87+

EN 166

EN 170

EN 172

Common construction: lightweight wraparound frame, polycarbonate lens, UV400 protection, anti-scratch and anti-fog coatings.

Select the lens variant and verify the SKU when ordering.
